

## Datasheet

# Type 'K' Fine Gauge Bare Wire Thermocouple - Fast response – 0.001" (0.025mm) wire with welded tip x 200mm long

(Illustration shows fine gauge thermocouple mounted to piece of packaging card for protection during transportation)

- Ultra-fine Type K welded tip Thermocouple
- 0.001" (0.025mm) fine gauge bare wire x 200mm long
- Optimum Sensitivity
- Response time up to 1 ms
- Ideal for minimal invasive temperature sensing

### Specifications

Sensor type: Thermocouple Type 'K'  
Wire diameter: 0.001" (0.025mm)  
Wire Length: 200mm

T/C Type	Diameter	Length	Allied Code	Order Number
